

COVER REPAIR INFORMATION

- ❖ Covers must be clean to prevent damage to our machines and to protect our other products from debris on the shop floor. *Covers that are soiled or contain debris will not be accepted.* Dirt or debris discovered after drop-off will incur a \$100 charge to cover the cost of cleaning our shop, and we will require that you clean the cover before we provide a quote.
- ❖ All hardware (springs and spring covers) should be removed from the cover and storage bag (if any) prior to drop-off. We are not liable for any that may be lost while the cover is in for repair. If you have damaged springs and would like to purchase replacements, please let us know and we will include them in your quote.
- ❖ All covers are subject to a \$50-\$100 inspection fee, depending on their size and/or condition. We examine each cover thoroughly, noting any necessary repairs to fabric, straps, and chafing strips.
- ❖ We will call you with a quote. Upon approval, we will provide an estimated completion date. Please note that there is a \$150 minimum charge for all repairs, which includes the inspection fee.
- ❖ You will be notified as soon as your repairs have been completed. All covers must be picked up within 7 days of completion. Unfortunately, we do not have the space to store covers, so any cover not picked up within the allotted time will be charged an additional \$100 per week.
- ❖ Covers that we deem unrepairable must be picked up within 7 days, or a disposal fee of \$50 will be charged. However, if your cover is not repairable and you would like us to manufacture a new one, the disposal fee will be waived.
- ❖ Payment for all repairs is due when you pick up your cover. We accept cash, checks, Visa, MasterCard, or Discover.
- ❖ Please be advised that there is no warranty on cover repairs.

Thank you for choosing Precision Vinyl! We appreciate your business!
